First Amendment To:

Classification and Correlation
of the Soils of
Monroe County, Indiana

The reason for this amendment is to maintain the continuity of the alphabetical symbols used, as defined in section 302.7(b)(4)(i), Part II of the National Soils Handbook. Symbol GpD3 is hereby changed to GrD.

Please make the following changes in the correlation document.

Page 1, para. 2, line 2.
Change GpD3 to HbD3.

Page 3, 10th entry in the table should read:

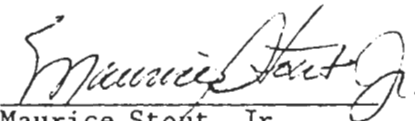

GpD3, Gu	Gilpin soils, 12-22 percent slopes, severely eroded) GrD	Gilpin-Gullied land complex, 12 to 22 percent slopes
----------	---	-------	--

Page 13, last entry in column 1 should read:

GpD3	GrD
------	-----

The classifications of the Ebal series and Zipp Variant have also been changed as per the memo to J. E. McClelland, J. C. Powell, and H. R. Sinclair, dated April 4, 1979. On page 16, the Ebal series should be classified as Ultic Hapludalfs; fine, mixed, mesic. On page 17, the Zipp Variant should be classified as Aeric Haplaquepts; fine, mixed, nonacid, mesic.

Approved: May 31, 1979

Maurice Stout, Jr.
Head, Soils Staff
